Itinerary:

Day One: Tuesday August 22, 2017 (CB, D)

Group departure from Reno & Carson City this morning and we will head south via Hwy 95 to Tonopah. We'll stop en route for a no host lunch and rest/stretch breaks before checking in at the historic Mizpah Hotel for our two night stay. The Mizpah Hotel is once again a place of timeless elegance, exceptional guest service, luxurious comfort and amenities. The Mizpah Hotel is an elegant retreat into Nevada's past, to include a full service restaurant and upscale lobby bar. It was chosen by Nevada Magazine as the Best Hotel in Rural Nevada. "Mizpah" is a biblical reference meaning 'to come back together with those you love.'

Upon arrival we'll be introduced to the history of the hotel and have a chance to visit their unique turquoise jewelry shop located within the old vault of the hotel. Have a chance to explore this beautiful hotel and adjacent fun center before our hosted dinner in the Jack Dempsy room of the Mizpah. Balance of the evening is at individual discretion.

Day Two: Wednesday August 23, 2017 (B,L)

Buffet Breakfast is included this morning before meeting with a local guide for a day of touring. We'll visit the Tonopah Historic Mining Park, which encompasses portions of four of the original major mining companies and covers more than 100 acres. This rich history is brought to life through preserved and restored equipment and buildings, historic exhibits, video presentations (in our on-site theater), and a self-guided tour.

We'll travel to Goldfield. In the early part of the 20th century, large deposits of gold were discovered, making Goldfield a boomtown. Now a ghost town, Goldfield was once the largest city in Nevada. When the gold stopped producing, people started leaving. At one time, Wyatt Earp worked as a pit boss at a casino in Goldfield after his gunfight at the OK Corral. Today, visitors can go to see the boom and bust of the discovery of gold in the Old West.

And we'll visit Rhyolite, a ghost town with much character. With a population of over 10,000 at one time, Rhyolite was no small town. The town was founded in 1904 and by 1907 even had electricity. There is one building still standing today in Rhyolite that was made from 10,000 beer bottles of which there was no shortage in Rhyolite. Another building, the bank building, was 3 stories tall and cost \$90,000 to build. Ruins of its wall still stand today. The financial panic of 1907 took its toll on the town and businesses started to shut down. Then, the mines started to play out and by 1916 the power and light company had shut down and the people had moved on.

Tonopah Historic Mining Park
Where mining history comes alive!

Day Three: Thursday August 24, 2017

Breakfast is again included this morning at the hotel. We'll enjoy a leisurely morning at the hotel. Effortlessly encompassing the true Old West, the Central Nevada Museum executes this era's authenticity with ease. The famous, not so famous and infamous all left their marks on this former mining boomtown, including Howard Hughes, Jack Dempsey, Wyatt Earp, and of course Jim Butler. The enriching mining, ranching and pioneer history in Central Nevada comes to life with the Central Nevada Museums' thoughtful and high caliber exhibits. Additionally, some other displays convey Central Nevada's natural history, the Western Shoshone's impact on the region, geology and plant life. Furthermore, the museum sparks an undeniable interest among children with a replicated old west town on the outdoor premises, including miner's cabins, a saloon, blacksmith shop, railroad yard, early mining equipment, a 10 stamp mill, ore cars and more! We'll enjoy a no host lunch in Tonopah before beginning our return journey toward home with arrival in Carson City & Reno scheduled for late this afternoon.
