

SILVER SIERRA ADVENTURES PRESENTS:

Saturday May 9th, 2020

Join us on a Mother's Day journey as we travel back in time. Rediscover our rich history on an excursion through Nevada nostalgia. The Virginia and Truckee railroad is one of the most famous short lines in American history. It was incorporated on March 5th, 1868 by the "Bank Crowd" to serve the mines of the Comstock. A railroad was deemed necessary because of the high cost of freighting goods by wagon into and out of Virginia City, and the need to carry ore to the mills along the Carson river.

This fully narrated tour travels across a 24-mile scenic route through the Virginia Range. Enjoy coffee, mimosas, pastries, decadent cookies, and a long stem rose for Mom. As we arrive to Virginia City there will be a shuttle to take you up to C street where you will have about 3 hours to enjoy one of the many options offered for brunch and shopping. The history and stories of Virginia City are as unique, rich and colorful as the streets and Victorian buildings themselves. One must see to even remotely understand it. It's a living, breathing example of America's fortitude and desire to achieve.
